JOJAH LLC

BY

Founder Lodietra Rounds created Jojah has a natural and organic product line for men that opposed animal testing. Our product line focuses on the allergic and sensitive skin care. We offer shampoo, conditioner, leave in moisturizer, beard oil, skin creams, body lotions, nails care kit and foot care package. Jojah product lines are currently use by our customers and clients in the Atlanta area. We anticipate opening a manufacture facility in Zanzibar, Tanzania and hope to create jobs in the local economy.

### OUR VISION

To provide grooming and skincare for men that are non-toxic, with no harsh chemicals to offer men choices of healthier beard, hair and skin.

Phase 1. Create a mobile salon for customer to experience our natural product line

Phase 2 create a manufacture facility to use natural product from Tanzania to upgrade our product line.
